

966BA/V

chiavi di manovra antiscintilla per valvole di sicurezza

	art.	L mm	L1 mm	Ø min÷max mm	g
009660812	966BA/V60	370	36	125÷250	730
009660814	966BA/V80	430	48	250÷400	1520

Stainless steel tools in this beta-antiscintilla series are not allowed to be used in contact with products or vapors or in atmospheres that may cause an explosion.

I carboni puliti non sono da usare nelle atmosfere per evitare un'esplosione.

Do not use these tools in contact with vapors or in atmospheres that may cause an explosion.

Aluminum tools used with the copper alloy tool surface may generate sparks and may trigger an explosion.
